

The Contemporary Alfresco

A high-class, modern veranda and canopy system

We have worked closely with a leading designer in the glazing industry to create an innovative and striking system that will enhance and add value to your home, allowing you to be sheltered and comfortable in your garden whatever the weather.

The Contemporary Alfresco is a wall mounted veranda that can be covered with a choice of glass or polycarbonate roof panels. It has an impressive 6 metre span with 6 metres between posts to give you an uninterrupted view of your garden and surroundings.

The Contemporary Alfresco can cover larger areas with its 6m span and its unlimited length, allowing you to host garden parties, dine alfresco and much more in the comfort of your own home.

The Contemporary Alfresco is ideal for a variety of applications including:

- ✓ Verandas
- ✓ Sports Canopies
- ✓ Display Areas
- ✓ Garden Canopies
- ✓ Walkway Canopies
- ✓ Dining Areas

Benefits of The Alfresco Contemporary System

Sleek Modern Design: To fit in perfectly with modern homes and new builds.

All-Aluminium System: The Contemporary Alfresco is only manufactured from aluminium to offer exceptional longevity and easy maintenance.

Integral Aluminium Guttering and Easy-Fix profiles: Creates a sleek, modern design which is stronger than external guttering and also means all cabling is hidden from view.

Full 10 Year Guarantee and a 25 Year Life Expectancy: We use the highest grade of materials possible to ensure the Contemporary Alfresco is built to last.

Roof Panels: 8mm toughened glass available in clear or grey tinted.

Textured Colour Options

RAL 7016

System Features

- ✓ **Toughened Glass** - The 8mm glass panels are toughened during manufacturing and achieve Class 1 BS EN 12600 for impact performance.
- ✓ **Low Maintenance** - All roof options are low maintenance, particularly the glass, which means less cleaning, saving you time and money.
- ✓ **High Light Transmittance** - All roof options offer high light transmittance.
- ✓ **6m Projection** - With 6m between posts for an uninterrupted view.
