Benefits of The Simplicity 6 Glass Room System

All-Aluminium System: Fully manufactured from aluminium to offer exceptional longevity and easy maintenance.

Sliding Glass Doors: Enclosed with sliding glass doors that can be completely opened in pleasant weather conditions and closed on colder days.

Variable Roof Pitch: Unlike the majority of roof kits, which only offer a fixed pitch, this design offers a pitch range of 2.5 degrees to 22.5 degrees to give you that little bit extra.

Two Roof Options: Including 6mm toughened glass and 6mm toughened self-cleaning glass. Additional costs apply for the self cleaning glass which features a UV activated special coating that breaks down organic dirt which is then washed away by the rain.

Textured Colour Options

System Features

- ✓ **Glass Roof Panels** - The roof can be covered with a choice of 6mm glass and 6mm toughened, self-cleaning glass that achieves Class 1 BS EN 12600 for impact resistance.
- ✓ **Low Maintenance** - Particularly if the self-cleaning glass is chosen, less cleaning is required, saving you time and money.
- ✓ **Integral Guttering** - Creates a sleek, modern design which is stronger than external guttering systems and saves time on installations.
- ✓ **Simple Fixing System with Minimal Parts** - Our simplest fixing system yet.
- ✓ **Sliding Glass Doors** - Enclosed with sliding glass doors that can be completely opened in pleasant weather conditions and closed on colder days.
