

# STYLISH SIMPLICITY 6

## Glass Veranda, Carport & Canopy System

Our Simplicity 6 system is a stylish canopy, carport and veranda solution that is covered with 6mm toughened glass. This high end, kit-form solution uses the best possible materials to produce a stunning structure with the highest quality finish. We can offer a range of glazing options including coloured tints to suit your customers' requirements.

This stunning glass veranda and carport system adds a high class appearance to any building and can be covered with UV activated self-cleaning glass, making it perfect for those that want a stylish system with minimal maintenance.

*This high end veranda and carport system offers a variety of solutions for:*

- ✓ Verandas
- ✓ Garden Canopies
- ✓ Carports
- ✓ Outdoor Porch Areas
- ✓ Walkway Canopies
- ✓ Patios

# Benefits of The Simplicity 6 System

**All-Aluminium System:** Fully manufactured from aluminium to offer exceptional longevity and easy maintenance.

**Easy Installation:** We have designed this system with one of the most prolific extrusion designers in the industry and have created the simplest fixing system possible.

**Variable Roof Pitch:** Unlike the majority of roof kits, which only offer a fixed pitch, this design offers a pitch range of 2.5 degrees to 22.5 degrees to give you that little bit extra.

**Roof Options:** Including 6mm toughened glass and 6mm toughened self-cleaning glass. Additional costs apply for the self cleaning glass which features a UV activated special coating that breaks down organic dirt which is then washed away by the rain.

## Textured Colour Options

RAL 7016  
ANTHRACITE GREY

SEMI-GLOSS

## System Features

- ✓ **Glass Roof Panels-** The roof can be covered with a choice of 6mm glass and 6mm toughened self-cleaning glass that achieves Class 1 BS EN 12600 for impact resistance.
- ✓ **Low Maintenance** - Particularly if the self-cleaning glass is chosen, less cleaning is required, saving you time and money.
- ✓ **Integral Guttering** - Creates a sleek, modern design which is stronger than external guttering systems and saves time on installations.
- ✓ **Glass Room Upgrade** - glass room is an enclosed space, your customers will be gaining an extra room, which can be used all year round.
- ✓ **Victorian Upgrade Available** - The Victorian Upgrade can be added to this stylish structure, enhancing it with a characteristic and decorative design, perfect for traditional and historic buildings.
