Components

A-Fence requires minimal components to achieve a robust and durable finish, ensuring hassle-free installation and decades of performance.

50mm Slats

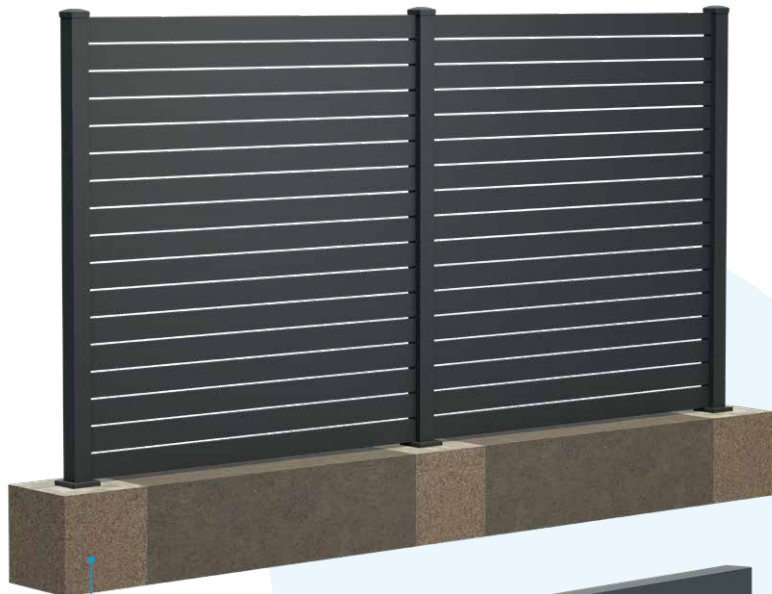

This slat size provides a sleek and modern look to your A-Fence installation. It offers a narrower profile, allowing for a more open and contemporary aesthetic.

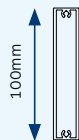

Optional top fence to concrete or brick walls

100mm Slats

The 100mm slat option offers a wider profile, adding a bold and substantial appearance to your A-Fence system. It can create a more solid and private barrier while still maintaining a stylish design.
