

CONTEMPORARY ALFRESCO GLASS ROOM

The Alfresco Contemporary Glass Room is a stunning, wall-mounted structure enclosed with glass doors, offering unparalleled versatility across various applications.

Its standout feature is the generous 6m span between posts, ensuring panoramic views of your garden and surrounding areas. Ideal as a swimming pool canopy, the glass sliding doors allow for year-round swimming, enabling you to enjoy the outdoors in any weather.

- ✓ Verandas
- ✓ Garden Canopies
- ✓ Display Areas
- ✓ Alfresco Dining

Benefits

All-Aluminium System: The Alfresco Contemporary Glass Room is constructed exclusively from aluminium, ensuring exceptional durability and easy maintenance.

Sliding Glass Doors: This room features sliding glass doors that can be fully opened to enjoy pleasant weather or closed to keep out the cold, offering flexibility in all conditions.

Full 10-Year Guarantee & 25-Year Life Expectancy: Built with the highest quality materials available, the Simplicity Alfresco is designed to last, backed by a comprehensive 10-year guarantee and a projected 25-year lifespan.

Roof Panels: Choose from 8mm toughened glass roof panels, available in either clear or grey-tinted options, to complement your aesthetic and functional needs.

Features

Toughened Glass: The 8mm glass roof panels are toughened during manufacturing and achieve Class 1 BS EN 12600 for impact performance.

Lockable, Sliding Doors: The Contemporary Alfresco Glass Room features lockable glass sliding doors that are seamless and highly contemporary.

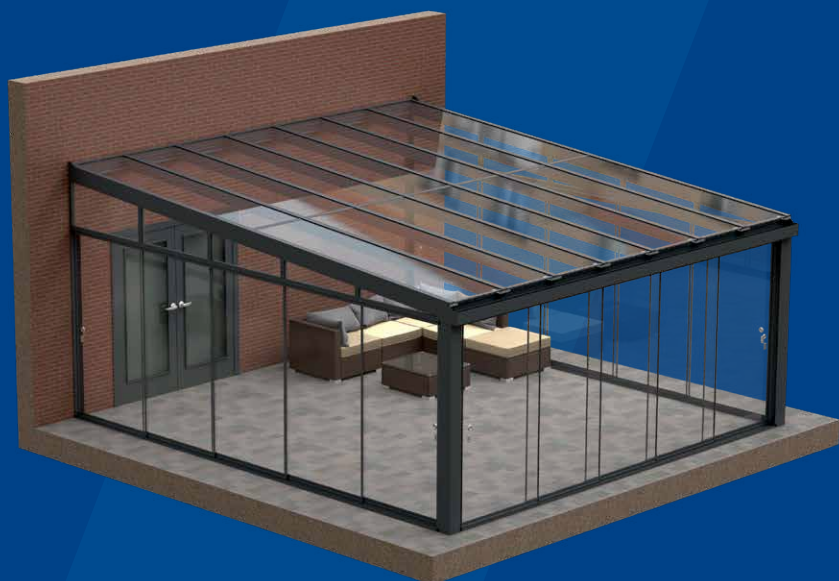

High Light Transmittance: All clear glass roof options offer high light transmittance. Grey-tinted glass will reduce these effects.

6m Projection: With 6m between posts for an uninterrupted view.
