Shading

NO DISCOUNT APPLIES

A choice of Motorised Vertical Roller Blinds and Manually Operated Under Blinds in many different shades and fire-retardant fabrics. Material is a high grade external screen material which is part of the preconstraint range of fabrics; this range is pre-tensioned in both warp and weft directions before coating, this makes the fabric incredibly strong and resistant to stretching.

Motorised Vertical Roller Blinds

Single Glazed Fixed *Side & Front Frames*

NO DISCOUNT APPLIES TO THIS SECTION

Fixed Side and Front Frames

Our Top Frames/Wedge aluminium framed fixed glass panels are supplied fully assembled, unless stated otherwise.

All other rectangular and shaped full frames are supplied dismantled for site assembly.

All full frames consist of 8.8mm laminated glass. All cheese frames will consist of 6mm toughened glass.

Frames arrive with the relevant beading with glass and gasket supplied loose.

Installation is easy with just removal of the bead required, insert the glass and apply the gasket.

(Gasket will need trimming to suit the 8.8mm glass on-site).

Size Parameters:

- Length: Max 6m
- Height: Max 2.8m (Anything over 2.8m must be a square frame and wedge)
- Maximum panel size is no more than 5m squared
- Laminated glass is 8.8mm thick in the full frame and 6mm thick in the cheese frame
- Weight of glass is 22kg per sq m
- If additional panels are required to the set ones above then this is POA
- If a cheese frame and full frame is needed to match with panel alignment then they can be designed that way at CAD stage

Frame Colour Options:

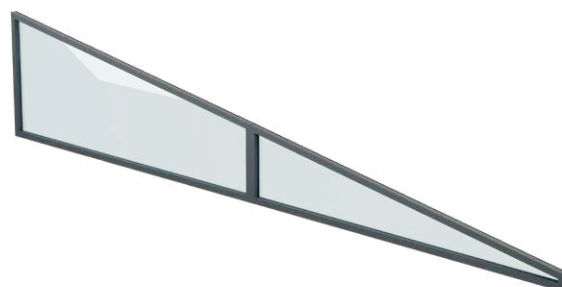

- RAL9016 White (Semi Gloss)
- RAL7016 Anthracite Grey Fine Textured
- RAL9005 Jet Black Fine Textured

Other RAL colours available at 20% extra.
