Dear Milwood Group Trade Partners & Friends,

We look forward to working with our valued Trade Partners to create outstanding outdoor living solutions across the UK & Ireland in 2025. Here's to a year of innovation, collaboration, and success!

This month, discover **we showcase our popular Privacy Screen solution**. Our Trade Partner Spotlight features Gibson Canopies and their exceptional work. Plus, our new price list goes live March 1st in the Trade Partner Area. Don't forget to share your projects to be featured and boost your SEO!

Privacy Screens

The Perfect Upgrade for Outdoor Spaces

At Milwood Group we believe outdoor structures should offer both style and practicality. Our new Privacy Screens provide a sleek and effective way to add shelter and privacy to garden and patio verandas, canopies, glass rooms, and carports, making them a versatile upgrade for any outdoor space.

Designed for Versatility: Where Can Privacy Screens Be Used?

Verandas: Add side or front panels for increased shelter and privacy.

Glass Rooms: Maintain a modern aesthetic while reducing visibility.

Canopies: Create a semi-enclosed area that shields from wind.

Carports: Provide extra security and protection from the elements.

Aluminium Fencing: A stylish and low-maintenance alternative to traditional fencing, providing a secure and private boundary for any outdoor space.

Our interlocking aluminium boards ensure a seamless, stylish finish, making them ideal for residential and commercial spaces.

Privacy Screen Profile Supports Fast & Hassle-Free Installation

Designed for convenience, our latest Privacy Screen profile eliminates the need for a concrete post adapter, making installation faster and easier than ever.

With no complex post systems required, the screens can be seamlessly integrated into new structures or effortlessly retrofitted to existing verandas, canopies, and carports. Thanks to the interlocking board design, they deliver a clean, modern finish, ensuring a sleek and professional look for any outdoor space.

The Best Durable, Low-Maintenance, & Weather-Resistant

Built to withstand the elements, our Privacy Screens offer a long-lasting, high-quality solution with minimal upkeep. Crafted from premium aluminium, they won't warp, rot, or rust, ensuring durability year after year.

The powder-coated finish provides excellent resistance to fading and harsh weather conditions, keeping them looking as good as new. Plus, with minimal maintenance required, a simple wipe-down is all it takes to maintain their sleek, pristine appearance.

A Stylish Addition to the A-Fence Range of Aluminium Fencing To Complement Gardens Large and Small

While Privacy Screens are a standalone upgrade, they also introduce an exciting new 5th profile option within our A-Fence Aluminium Fencing range. This addition provides even greater flexibility for creating sleek, cohesive outdoor designs, ensuring that fencing, verandas, canopies, and other outdoor structures blend seamlessly together.

The A-Fence range is renowned for its high-quality, powder-coated aluminium construction, offering a durable and stylish alternative to traditional wooden or composite fencing. With a variety of profile options, low-maintenance finishes, and modern aesthetics, A-Fence provides a versatile solution for residential and commercial projects alike. By incorporating Privacy Screens as part of this range, customers can now extend the same premium look and durability beyond fencing—integrating privacy panels into verandas, carports, and glass rooms for a unified and sophisticated appearance.

Whether used as a fencing solution or as part of a custom outdoor upgrade, Privacy Screens complement A-Fence perfectly, offering style, security, and long-term durability.

Gibson Canopies

SPOTLIGHT

Creating Exceptional Outdoor Living Spaces

At Milwood Group, we love seeing how our Trade Partners bring our products to life, and this month, we're proud to feature the outstanding work of Gibson Canopies. Based in York, they've earned a reputation for creating high-quality, bespoke outdoor living spaces that blend functionality with stunning design.

Transforming Outdoor Spaces

Gibson Canopies work with our Verandas, Canopies, Carports, and Glass Rooms to deliver tailored solutions for domestic and commercial customers. From sleek garden Verandas that provide year-round shelter to robust Carports and weatherproof Glass Rooms, their projects demonstrate the endless possibilities of Milwood Group systems.

With a focus on precision and attention to detail, Gibson Canopies consistently deliver installations that exceed client expectations.

Whether it's a school canopy, a home Glass Room, or a commercial project, their craftsmanship shines in every design.

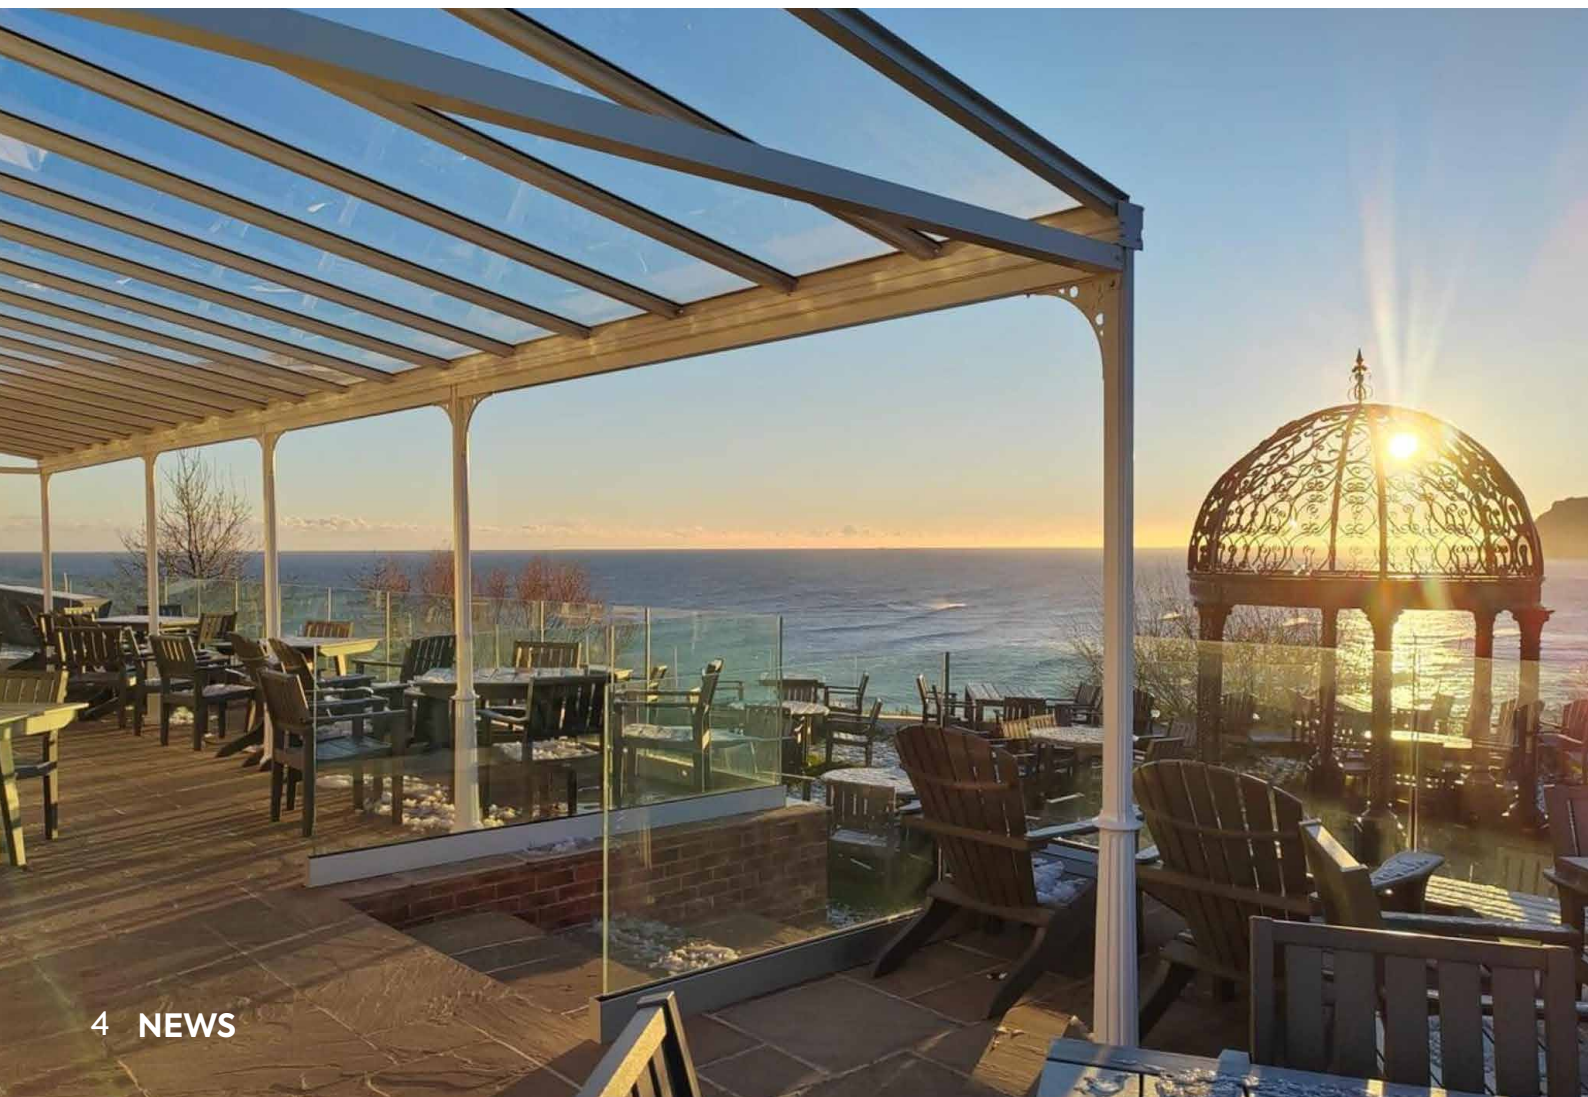

The Power of Collaboration

Gibson Canopies' success is a testament to the impact of high-quality products and skilled craftsmanship. By working with Milwood Group systems, Martin Gibson and his team can offer fully customisable outdoor living solutions that combine durable engineering with elegant design.

Bring Your Outdoor Vision to Life

If you're inspired by the work of Gibson Canopies and are looking to transform your business portfolio, you're in great hands.

For bespoke outdoor living solutions in the York area, contact Gibson Canopies via their website: www.gibsoncanopies.co.uk.

Freestanding Simplicity 6

CASE STUDY

Hampshire Installation of Freestanding Simplicity 6 Veranda with Goal Post Solution

This case study examines how a Simplicity 6 veranda installation with a specialised goal post design transformed a Hampshire garden into a versatile year-round living space. We'll explore the technical specifications, installation process, and lifestyle benefits delivered.

Set in the heart of Hampshire, this bespoke installation showcases the versatility and elegance of the Simplicity 6 system in one of Waterlooville's premium residential areas. The key specifications include:

Project Specifications

- **System:** Simplicity 6 Veranda with aluminium goal post
- **Dimensions:** 3950mm x 3000mm
- **Materials:** 6mm toughened glass, RAL 7016 Anthracite Grey Semi-Gloss frame
- **Location:** Premium residential area in one of Hampshire's top ten populous towns

Technical Achievement

The engineering excellence of this installation is evident in every detail, from its robust structural design to its weather-resistant features. Our innovative approach delivered:

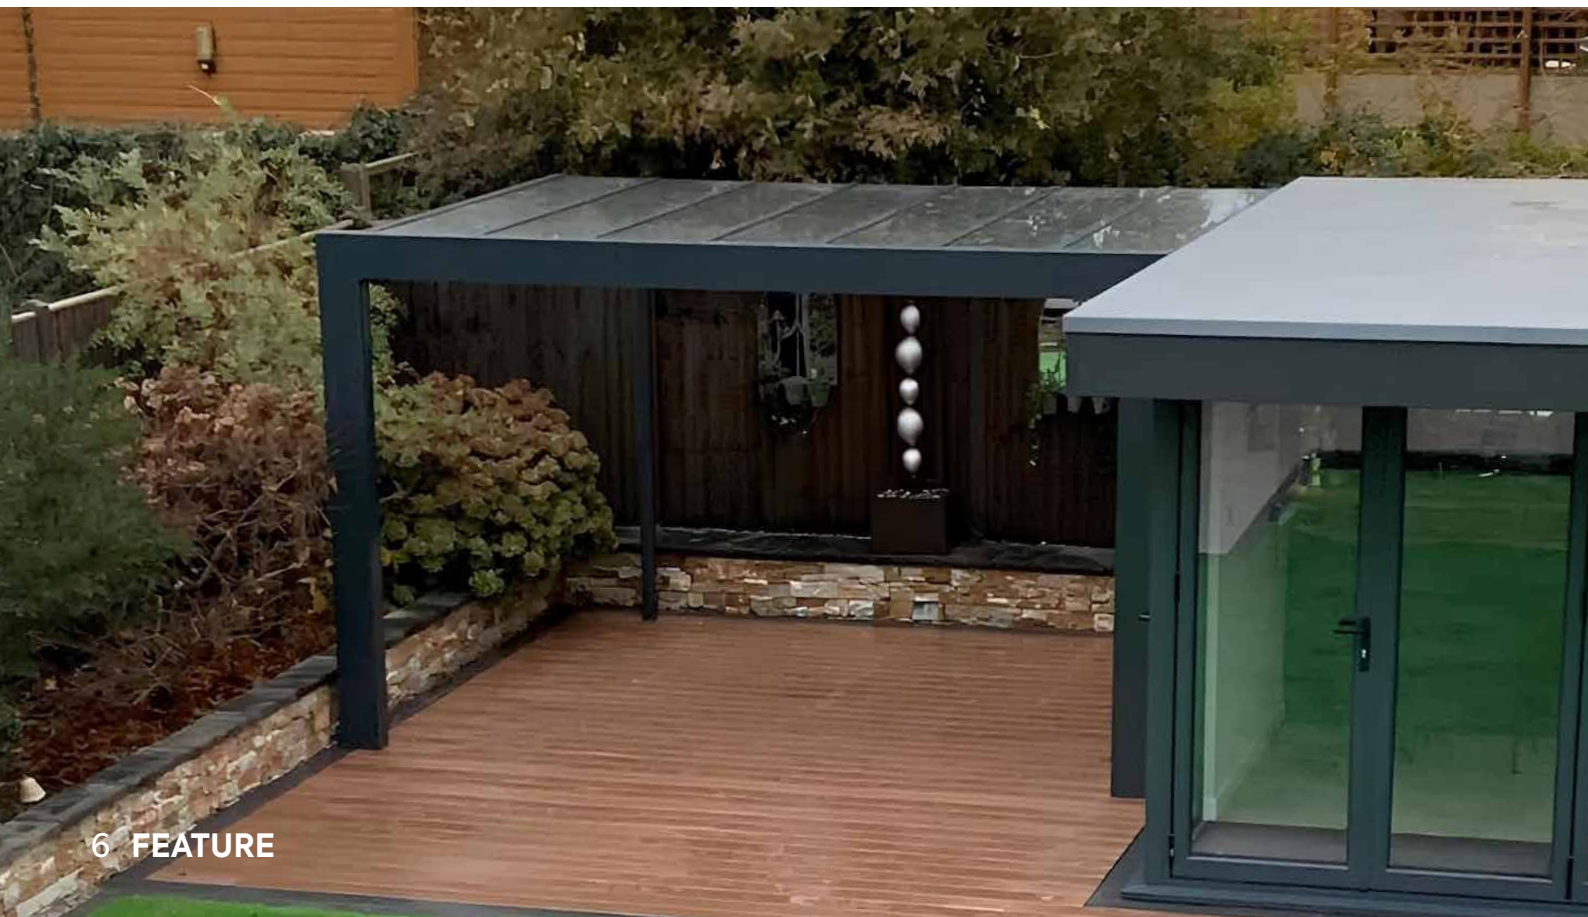

- Bespoke goal post design for structural integrity
- Integrated drainage system for British weather
- Premium glass specification for light optimisation
- Professional-grade aluminium framework

Veranda Results and Benefits

This transformative installation has delivered significant value to the property, combining practical functionality with sophisticated design. The system provides:

Year-round usable outdoor space that adds substantial value to the property through:

- Enhanced property value
- 10-year guarantee
- 60-year minimum life expectancy
- Weather-protected living area
- Versatile entertainment space

Maximise Your Marketing
